## Education

### IIT (ISM) Dhanbad

Bachelor of Technology (GPA: 7.51)

Expected May 2025

Dhanbad, Jharkhand

- **Relevant Coursework:** Computer Programming (C and C++), Data Structures and Algorithms (C++), Numerical Methods, Probability & Statistics, Operations Research, Microprocessors and Microcontrollers, Analog and Digital Electronics, Control System Modelling (MATLAB), Power Electronics, Signal System and Network

## Experience

### Apiero-Medica

Fullstack Developer Intern

May 2024 - July 2024

Bhopal, Madhya Pradesh

- Assisted in all aspects of the software development lifecycle including building, testing, improving, and deployment.
- Worked on secure signup and login systems with OAuth integration for enhanced user authentication.
- Fixed multiple bugs for the team adding a custom chatbot for the website.
- Worked with technologies like Node & Express.js, Axios, RESTful API, and MongoDB.

## Projects

### Chat App | React.js, MongoDB, Node.js, Express.js, Postman, JWT, Socket.io

- Built a full-stack chat application with group chat functionality using the MERN stack.
- Designed secure login and registration flows, ensuring encrypted password storage with Bcrypt and token-based authentication with JSON web tokens.
- Implemented real-time messaging with Socket.io, enabling one-on-one and group chat functionalities.

### Todo List | Node.js, Express.js, Postgres, EJS, HTML/CSS

- Developed to-do list application using Node.js and Express.js for the backend and PostgreSQL for data persistence.
- Implemented CRUD operations to manage to-do items, allowing users to add, edit, and delete tasks.
- Integrated middleware to handle form submissions and process user inputs.

### Sorting Visualiser | React.js

- Created a sorting visualizer allowing users to visualize the sorting process in real time.
- Implemented popular sorting algorithms such as merge sort, bubble sort, insertion sort, etc.
- Utilized event handling and state management in React to enable users to change the size of arrays and animation speed.

## Technical Skills

**Languages and CS-Fundamentals:** C, C++, Python, Java, Javascript, OS, DBMS, Computer Networks, System Design.

**Technologies and Frameworks:** Git and Github, Bootstrap, jQuery, React.js, Express.js, Node.js, Axios, Socket.io, MongoDB, Postgres, SQL and NoSQL databases, Rest API.

## Sports Programming

- 2nd Runner Up - Black Box - Concetto 2022.
- Rated 1742 on Leetcode, 1723 (3-Star) on Codechef and 6-Star on Hackerrank.
- Solved 1000+ questions across multiple coding platforms.

## PORs and Social Engagements

**Head:** Content, Design and Promotion at Manthan, IIT Dhanbad.

**Guitarist:** Manthan, music club of IIT Dhanbad.

**Winner:** Harmony, band competition organised in the cultural fest Srijan 2023.

**Event Organising Team:** Srijan'24 - Annual socio-cultural festival of IIT Dhanbad.

**Inter-IITs:** Guitarist for college band in Cultural Inter-IIT competitions at Madras (2023) and Kharagpur (2024).
